III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The **Long version** of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>.

XIV. ADDITIONAL INFORMATION

1. INSURANCES AND NATIONAL REQUIREMENTS

Equestrian sports involve inherent dangerous risks. To the greatest extent permitted by law, the FEI and the FEI Event Organiser shall NOT be liable for any damages relating to loss of property or injury of any kind to Athletes, Owners, Support Personnel or Horses at or in connection with an FEI Event and the FEI expressly excludes all such liability.

1.1. ATHLETES, OWNERS AND SUPPORT PERSONNEL

1.1.1. Personal Accident and Health Insurance

It is your responsibility as an Athlete/Owner/ Support Personnel to ensure that you have adequate personal accident insurance in place to cover your participation at FEI Events and in particular to insure against any personal injury or medical expenses arising from an accident, injury or illness which may occur at a FEI Event.

You should check with your National Federation to confirm if your National Federation's insurance policy (if any) covers personal accidents and/or illnesses which may occur when you are attending/participating in FEI Events.

If your National Federation does not have a personal accident/health insurance policy or if the National Federation's insurance policy does not cover personal accident or health claims, then you should obtain your own personal accident and health insurance policy to cover your attendance/participation at FEI Events.

1.1.2. Personal Property Insurance

You should also ensure that you are insured against property loss, theft or damage which may occur at an FEI Event.

Again, the advice is to check with your National Federation to confirm if they have an insurance policy in place which would cover you in case of such property loss, theft or damage. If not, then you should obtain your own personal property insurance to cover such situations.

1.1.3. Press Equipment

Press equipment and other items left in the Press workroom, Press lockers, the Press Tribune or anywhere on the showgrounds are left entirely at the owner's risk. The Organising Committee does not accept any responsibility for any loss or damage to such equipment or items. Members of the Press are advised not to leave any equipment or personal items unattended.

1.2. ATHLETES AND OWNERS

1.2.1. Third Party Liability Insurance

As an Athlete/Owner you are personally responsible for damages to third parties caused by you, your employees, Support Personnel, your agents or your Horses. You are, therefore, strongly advised to take out third-party liability insurance providing full coverage in relation to FEI Events at home and abroad, and to keep the policy up to date.

The FEI and the Organiser will NOT be responsible for any damage caused to third parties by you, your employees, Support Personnel, your agents or your Horses.

1.2.2. Additional Liability Information

Space for organiser to include reference to National Laws when necessary

1.2.3. Horse Insurance

2. PROTESTS/APPEALS

To be valid, all Protests and Appeals must be made in writing and accompanied by a deposit of CHF 150.- or equivalent.

Protest and appeal forms are available on the FEI website:

Protests: <http://inside.fei.org/sites/default/files/FEI%20Protest%20Form.pdf>

3. SCHOOLING DURING COMPETITIONS

Athletes wishing to school during speed competitions (Table A and Table C) must inform the OC before these competitions begin. These athletes will start first in these competitions.

4. STEWARDING

- If an athlete is uncertain as to whether the boots he/she intends to use during an event are allowed, he/she or his/her representative should show the boots to the Chief Steward for his/her opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.

- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask his/her groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. *[Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.]* If an athlete or his/her groom refuses to remove and replace the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

5. DISPUTES

In the event of any discussion concerning the interpretation of the schedule (in translated languages), the English version will be decisive.

6. MODIFICATION TO SCHEDULE

Any such changes must be notified to all athletes and officials as soon as possible and they must be reported to the FEI Secretary General by the Technical Delegate, the President of the Ground Jury or the Foreign Judge, as applicable.

									Extra prizes for 21 st to last place*

* The OC must provide additional prizes for the remaining placed athletes to fulfil quota of one prize per four athletes. The amount to be given to each of these athletes must be stated in the Schedule.

In case of a tie for the 12th place in a competition with 12 to 48 starters, the prize money foreseen for the 12th place will be divided equally among the athletes concerned.

For Competitions run in two rounds with more than 12 starters in 2nd round:

OCs that indicate in the schedule that a specific number (that is more than 12) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS:

Full details of any deductions from prize money must be outlined in the schedule. This includes government taxes. If it is necessary for Organisers to deduct such taxes, they must provide participants with an official form indicating the amount of tax deducted.

The tax form must be provided to the athletes upon arrival and returned to the Organiser prior to departing.

Non Resident Riders (Riders without Portuguese Fiscal ID)

With or without legal document (invoice or receipt) as individual entities or companies. Retention of 25% is made on the amount paid. If an invoice or receipt is not presented, the rider will have to sign a document elaborated by the O.C. for the effect and must present NIF (EU residents) or Passport (other countries) of the origin country.

Due to the existence of different taxations, the prize values presented will be the gross value, before taxation.

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (FEI General Regulations articles 127 and 128)

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first twelve (12) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond twelfth (12th) place. The minimum amount for each of these additional prizes, for athletes placed from thirteenth (13th) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed twelfth (12th)

9. MAXIMUM NUMBER OF STARTERS PER COMPETITION

***Annex VI FEI Jumping Rules:**

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must provide the following percentages of additional prize money for every ten declared starters, up to 120 declared starters:

- 101 to 110 declared starters: the OC must provide 133% of the original Competition prize money, which is to be distributed among the 16 best placed athletes in the Competition according to the prize money distribution chart I or II. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.
- 111 to 120 declared starters: the OC must provide 166% of the original Competition prize money, which is to be distributed among the 20 best placed athletes in the Competition according to the prize money distribution chart I or II. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that

determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

If more than 120 starters are declared, the OC must split the Competition into two groups and provide 200% of the original Competition prize money which is to be divided equally between the two groups. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

The competition is split into two groups before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have two groups of equal size there may be a different number of starters in each group;

OR

The competition is run as one single competition and split afterward into two groups and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the two groups, e.g. results for Competition 1a and for Competition 1b.*

In both cases above each group must offer the same amount of prize money. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters, that determines whether the Competition must be split.

If there are more than 200 declared starters, the OC must split the Competition into three groups and provide the same percentages of additional prize money as indicated above (100% of original Competition prize money to be provided for each of the three groups if each group has 100 or fewer starters; 133% of original prize money to be provided for each group if any of the three groups has 101-110 starters; 166% of original prize money to be provided for each if any of the three groups has 111-120 starters).

³ For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup™ competitions, the minimum prize money requirements indicated above for the Grand Prix apply only to the FEI World Cup™ Competition as it has the status of a Grand Prix; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition. Refer to the FEI Jumping World Cup™ rules for details relating to date of implementation of this rule at CSI-W Events.

CÓDIGO DE CONDUTA

FEP PARA O BEM-ESTAR DO CAVALO

A FEP requer a todos os envolvidos no desporto equestre que adiram a este Código de Conduta e que reconheçam e aceitem que o bem-estar do Cavalo é uma prioridade. O bem-estar do cavalo não deve nunca estar subordinado a interesses de competição ou comerciais. Os pontos seguintes têm que ser particularmente respeitados:

1. BEM-ESTAR GERAL

a) Bom tratamento do Cavalo

O alojamento e alimentação têm que ser compatíveis com as melhores práticas de tratamento de cavalos. Têm que ter sempre disponível feno limpo e de boa qualidade, comida e água.

b) Métodos de treino

Os cavalos só podem ser submetidos a treinos compatíveis com a sua capacidade física e com o seu nível de maturidade para a respetiva disciplina. Não podem ser sujeitos a métodos que sejam abusivos ou causem medo.

c) Ferração e arreios

O tratamento dos cascos e ferração têm que ser de elevado standard. Os arreios têm que ser concebidos e ajustados de modo a evitar o risco de dor ou de ferimentos.

d) Transporte

Durante o transporte os Cavalos têm que estar perfeitamente protegidos contra quaisquer riscos de ferimentos ou outros riscos de saúde. Os veículos têm que ser seguros, bem ventilados, mantidos em bom estado de conservação, desinfetados regularmente e conduzidos por pessoal competente. Os cavalos devem ser manuseados e geridos por pessoas competentes.

e) Deslocações

As viagens devem ser cuidadosamente planeadas e os cavalos devem ter períodos de descanso regulares com acesso a comida e água, em conformidade com as linhas de orientação promovidas pela FEP.

2. FORMA FÍSICA PARA COMPETIR

a) Aptidão e competência

A participação em Competição é restrita a cavalos com aptidão e a Atletas de comprovada competência. Os cavalos devem ter períodos de descanso adequados entre treinos e Competições; devem ter períodos de descanso adicionais após viagem.

b) Estado de saúde

Nenhum cavalo considerado inapto pode competir ou continuar a competir, devendo ser solicitado aconselhamento veterinário em caso de dúvida.

c) Doping e Medicação

Qualquer intenção ou acto de dopagem e uso ilícito de medicação constitui uma ofensa grave ao bem-estar e não será tolerada.

Após qualquer tratamento veterinário deve ser dado o tempo necessário para total recuperação antes de entrar em Competição.

d) Procedimentos cirúrgicos

Não são permitidos quaisquer procedimentos cirúrgicos que ameacem o bem-estar de um Cavalo de competição ou a segurança de outros cavalos e/ou Atletas.

e) Éguas gestantes / afilhadas

As éguas não podem competir a partir do 4º mês de gravidez ou com cria 'foal at foot'

f) Uso indevido de ajudas.

Não é tolerado o abuso de um cavalo com recurso a ajudas naturais de equitação ou a ajudas artificiais (ex. sticks, esporas, etc.)

3. OS EVENTOS NÃO PODEM PREJUDICAR O BEM-ESTAR DO CAVALO:

a) Zonas de competição

Os cavalos devem ser treinados e competir sobre superfícies adequadas e seguras. Todos os obstáculos e condições de competição devem ser concebidos tendo em vista a segurança do cavalo.

b) Pisos

Todos os pisos sobre os quais os cavalos andem, treinem ou compitam devem ser concebidos e mantidos de modo a reduzir os fatores que possam criar lesões

c) Condições meteorológicas extremas

As competições não devem decorrer sob condições meteorológicas extremas que possam comprometer o bem-estar ou segurança do cavalo. Devem ser criadas condições e aprovisionado equipamento para o arrefecimento dos cavalos após competirem.

d) Alojamento dos cavalos em Competições

As boxes devem ser seguras, higiénicas, confortáveis, bem ventiladas e com tamanho suficiente para o tipo e disposição do cavalo. Devem ter sempre disponíveis zonas de duche e água.

4. TRATAMENTO HUMANO DOS CAVALOS:

a) Tratamento veterinário

Numa Competição tem que estar sempre disponível um médico Veterinário. Se um cavalo se lesionar ou estiver exausto durante uma competição, o Atleta tem que interromper a prova e deve ser feita uma avaliação veterinária.

b) Centros de tratamento de referência

Sempre que necessário os cavalos devem ser transportados em ambulância para a clínica de referência mais próxima para posterior tratamento e terapia. Os cavalos lesionados devem receber tratamento de suporte adequado antes de serem transportados.

c) Lesões de competição

A incidência de lesões sofridas em Competição deve ser monitorizada. As condições do piso, frequência das Competições e outros fatores de risco devem ser cuidadosamente examinados para determinar formas de minimizar lesões.

d) Eutanásia

Se o grau de gravidade de uma lesão justificar a eutanásia do cavalo, o Veterinário deverá fazê-lo com a maior brevidade por razões humanitárias, com o único intuito de lhe minimizar o sofrimento.

e) Reforma

Os cavalos devem ser tratados com conforto e humanidade após serem retirados de Competição.

5. FORMAÇÃO

A FEP aconselha todos s envolvidos no desporto equestre a adquirir o mais alto nível de formação dentro da sua área de competência e na gestão do cavalo de Competição. Este Código de Conduta para o Bem-estar do Cavalo pode vir a ser modificado de tempos a tempos, sendo as opiniões de todos bem recebidas. Será prestada particular atenção aos resultados de estudos de investigação.
